Caption: Nerve cells. Light micrograph of nerve cells (neurons) from the cerebral cortex of the brain. These cells are from the hippocampus, part of the cerebral cortex concerned with memory. The hippocampus is rich in pyramidal cells such as these, which have numerous dendrites trailing from one end of their cell body (dark areas) and one axon projecting from the other. Dendrites form junctions communicating with other cells, and signals are then relayed through the cell's axon.

Editors' commentary

- 81** Highlights from this issue
G N Fuller, P E M Smith

Editorial

- 82** The antiphospholipid syndrome and its 'non-criteria' manifestations
F G Joseph, H W Habboush

Reviews

- 84** Remember the retina: retinal disorders presenting to neurologists
Z Khaleeli, W R Tucker, L del Porto, J D Virgo, G T Plant

- 97** Statin-related myopathies
D Hilton-Jones

- 106** Epilepsy and psychosis: a practical approach
M Maguire, J Singh, A Marson

- 115** Neurological complications of renal dialysis and transplantation
K Karunaratne, D Taube, N Khalil, R Perry, P A Malhotra

How to understand it

- 126** Antisense oligonucleotides and other genetic therapies made simple
A M Rossor, M M Reilly, J N Sleight

Image of the moment

- 132** Oromandibular chorea in antiphospholipid syndrome
L Zhang, A C Pereira

Therapeutic intervention

- 134** Cerebral arterial gas embolism from attempted mechanical thrombectomy: recovery following hyperbaric oxygen therapy
L Segan, F Permezal, W Ch'ng, I Millar, M Brooks, M Lee-Archer, G Cloud

Test yourself

- 137** A diagnostic conundrum
S Keddie, Z Jaunmuktane, S Brandner, S Shah, P Maddison, J H Rees, M G Hanna, M P T Lunn, M M Reilly, A M Rossor, A S Carr

Neurological dilemma

- 143** Longitudinally extensive transverse myelitis after *Campylobacter jejuni* enteritis
Y Llamas, K Hazel, P Nicholson, L Costelloe

Neurological rarities

- 146** Trismus caused by paraneoplastic brainstem encephalitis
N Malek, M Damian
- 151** Autoimmune necrotising myopathy and HMGCR antibodies
K Karunaratne, D Amiras, M C Pickering, M Hofer, S Viegas

A difficult case

- 156** Multifocal necrotising leucoencephalopathy following *Salmonella* infection in an immunocompetent patient
M A O'Gara, S Dharia, D Hilton, N J Gutowski
- 159** Rituximab for corticosteroid-resistant relapsing IgG4-related intracranial pachymeningitis: report of two cases
A Mageau, N Shor, M Fisselier, J Aboab, A Lecler, C Rebours, H Adle-Biassette, O Gout, R Deschamps
- 162** Misleading signs in acute vertigo
S Lance, S S Mossman
- 166** Cryptococcal meningitis in apparently immunocompetent patients: association with idiopathic CD4+ lymphopenia
S Shribman, A Noyce, S Gnanapavan, J Lambourne, T Harrison, F Schon
