Caption: Stroke. Light micrograph of a section through the cerebellum of the brain after a stroke. There is a large infarct (dead tissue) at left, with normal tissue at right. The infarct is a result of ischaemia, a lack of blood flow caused by a blood vessel obstruction. This is a haemorrhagic infarct, that is blood has flowed back into the capillaries after the tissue has died.

## Editors' commentary

- 261** Highlights from this issue  
P E M Smith, G N Fuller

## Reviews

- 262** Tourette's syndrome and its borderland  
J S Stern

- 271** Zika virus infection in the returning traveller: what every neurologist should know

S E Leonhard, S Lant, B C Jacobs, A Wilder-Smith, M L B Ferreira, T Solomon, H J Willison

- 278** POEMS neuropathy: optimising diagnosis and management  
S Keddie, S D'Sa, D Foldes, A S Carr, M M Reilly, M P T Lunn

- 291** Non-convulsive status epilepticus: mimics and chameleons  
M O Kinney, J J Craig, P W Kaplan

## A difficult case

- 306** Intracranial germinoma causing cerebral haemiatrophy and hypopituitarism  
B F Guedes, M N P Souza, B J A P Barbosa, F P Frassetto, L T Lucato, C R Ono, L H M Castro, R Nitrini, M M Simabukuro

- 311** Reversible cerebellar oedema secondary to profound hypomagnesaemia  
A L Ross Russell, M Prevett, P Cook, C S Barker, A A Pinto

## Neurological rarities

- 315** Glial fibrillary acidic protein antibody-positive meningoencephalomyelitis  
A Zarkali, O Cousins, D Athauda, S Moses, N Moran, S Harikrishnan

## Neurological dilemma

- 320** Autoimmune encephalitis (NMDAR antibody) in a patient receiving chronic post-transplant immunosuppression  
A Randall, S Huda, A Jacob, A J Larner

## How to do it

- 323** You've made the diagnosis of functional neurological disorder: now what?  
C Adams, J Anderson, E N Madva, W C LaFrance Jr, D L Perez

## Image of the moment

- 331** Benign electroencephalography pattern mimicking temporal lobe epilepsy  
A Abbas, E S Ahmed, N S Mytheen
- 334** Aide-mémoires in semantic dementia  
S M Buchanan, J M Schott
- 336** Cerebral fat embolism: the value of susceptibility-weighted imaging  
K K L Malgapo, C Osman, M Prevett

## Neurological letter from

- 339** Veterinary neurology  
C N Hahn

## Book club

- 344** *The Music Room*  
M D Smith, T A T Hughes

## Carphology

- 345** Carphology  
A F Ben

## ABN News

- 346** ABN News  
J Lawrence, D J Nicholl

## Miscellaneous

- 343** Correction: Subarachnoid gadolinium following angiography-induced cortical blindness
