

Cover image: Five patterns of immunofixation. Top panel: example gels with the five distinct patterns. The yellow marks indicate the location of oligoclonal bands, represented by the schematic in the lower panel. Top panel image courtesy of LW and BD, Department of Clinical Immunology & Allergy, University Hospital of Wales, Cardiff. (see Willis MD, *et al.* page 402).

Highlights from this issue

351 Editors' commentary
P Smith, G N Fuller

Editorials

352 Worked up but not worked out: inconclusive cases
N J Scolding

354 When to suspect inherited metabolic diseases
S Shribman, R H Lachmann

Reviews

357 Neurotoxicology: a clinical systems-based review
 F V Vonberg, P G Blain

369 Methotrexate for the neurologist
A Jesuthasan, A Baheerathan, S Auger, R Dorsey, R Coker, N Selvapatt, S Viegas

How to do it

376 Diagnostic reasoning in challenging cases
A L Berkowitz

382 Management of carotid atherosclerosis in stroke
N R Evans, S Bhakta, M M Chowdhury, H Markus, E Warburton

387 How to use podcasts in neurology
F Mason, J Mayer, B O'Toole, J Williamson, A Ross Russell

393 Complicated epilepsy surgery: importance of balancing benefit and deficit
J S Duncan, V Beech, F A Chowdhury, A Miserocchi, A McEvoy

How to understand it

400 Oligoclonal bands
M D Willis, K L Kreft, B Dancey

A difficult case

407 Acute bilateral sensorineural hearing loss as presentation of leptomeningeal metastases
A Agarwal, D Garg, S Priya, P S Bylappa, A Garg, S A Shamim, A Elhence, D M Radhakrishnan, A K Pandit, A K Srivastava

410 Acute monocular visual loss: time to call the stroke team?
J Day, H Monla-Haidar, V Raman, S Weatherby

Neurological rarities

413 Arginine:glycine amidinotransferase (AGAT) deficiency: an easy-to-miss treatable adult-onset myopathy
Y Finezilber, C Massey, J A Radley, E Murphy

417 Recurrent Chagas' disease meningomyelitis in an HIV-infected patient
I M de Almeida, A B M da Rocha, J A L Lindoso, V L T de Freitas, A CP Oliveira, J E Vidal

422 Combined central and peripheral demyelination in two siblings, immune mediated or genetic?
 K Moodley, A A Moodley, S Efthymiou, H Houlden, P L A Bill, V B Patel, S Rinaldi

Test yourself

428 Neurological manifestations in malignant melanoma
H M M T B Herath, N G Lutchman, M Saleh, L Naidu, S B Alagoda, S Brady, S Wimalaratna

Image of the moment

432 Brown's syndrome: a rare cause of vertical diplopia
K Y Manisha, S S Nair, A A Kumar, S Sundaram

434 'Ear of the lynx' sign: hereditary spastic paraplegia (HSP) type 11
J Saibaba, S K Narayan, R Sugumaran
